

Arbitrum Feeds

To learn how to implement these feeds, see the [Ethereum Examples for Consuming Data Feeds](#).

For LINK token and Faucet details, see the [LINK Token Contracts](#) page.

Note, off-chain equity and ETF assets are only traded during standard market hours (9:30 am - 4 pm ET M-F). Using these feeds outside of those windows is not recommended.

It's recommended to use [L2 Sequencer Health Flag](#) for all of the contracts on Arbitrum network!
